### STATEMENT:

My motto is: "In education, law and life, the 'existential' and 'libertarian' approaches are most consistent with the human condition. Isn't it about time we introduced these philosophies and approaches into our daily existence and our government?"

In addition to being a staunch supporter of each and every one of the platform components of the Libertarian Party, I am deeply committed to leading our government towards significant educational reform, downsizing of government at all levels through constitutional mechanisms and a non-interventionist foreign policy.

Furthermore, as an attorney who has practiced, counseled and taught law for more than 25 years, I am also deeply committed to a revival of our common law rights, civilly and criminally, so that our citizens can be protected against illegal force, coercion and fraud. Perhaps the major component of my platform is the introduction of a mechanism for "redress of grievances" as set forth in the U.S. Constitution. Such would be utilized by the populace to eliminate unconstitutional institutions, including but in no way limited to the Federal Income Tax.
